This engineer for the Midwest Electric Cooperative is helping plan your future. He knows that six years from now you will need twice as much electricity as you are using today, and his job is to see that larger lines... stouter poles... bigger transformers and more power are available when you need them. His advance planning ten years ago provided the additional power you are using today. This advance planning together with up-to-date methods and first class service is the daily duty of the Midwest Electric Cooperative that is helping Texas grow through rural electrification.

HAMLIN HIGH SCHOOL GRADUATING CLASS OF 1965

Winn's Set Opening Of Remodeled Store

The beautification job at Winn's Variety Store is ready for the exciting Re-Opening Festivities and Re-Opening Sale. Winn's Variety Store at 320 South Central opens its brand new doors, and invites all friends to see the completely remodeled and modern Winn's. The Grand Re-Opening Sale begins at 8 p. m. today (Thursday.)

Roy D. Spears, president of Winn's Stores, Inc., is proud of this new remodeled Winn's in Hamlin. The area is active, growing and progressive. As the community progresses, so does Winn's. Spears states: "Winn's Stores are Texas-owned and Texas-managed. We want to offer the finest facilities, merchandise and values to the families who live and work here. Through volume-buying, we can purchase quality merchandise at low cost, and pass the savings right along to our customers in Hamlin."

Hamlin residents are invited to visit the newly re-decorated Winn's and see the complete selection of modern and varied merchandise to suit the needs of every member of the family.

Leland Preiss, manager of Winn's, is a familiar face and good friend of Hamlin residents. He will continue to serve Winn's with efficiency and courtesy. The superintendent of the remodeled Winn's is L. M. Peace.

Winn's Variety Stores have come a long way. Lynn H. Spears, vice president of

Winn's, Inc., recalls that in 1947 there were twelve stores and a warehouse. "Now" continues Spears, "there is a total of 80 stores, and a new 63,000 square foot warehouse at 1235 Gembler Road in San Antonio."

Everyone is invited to attend Grand Re-Opening activities starting Thursday. Families will find special Grand-Re-Opening bargains at Winn's. Free gifts will delight both the children and grown-ups.

Visitors may register during these festivities for a big portable television set that will be given away as grand prize. There is nothing to buy and no obligations. You do not have to be present to win. The newly decorated Winn's at 320 South Central will be open from 8 a. m. until 6 p. m. for the Re-Opening Sale.

Highlights of Senior Trip Told

by Nancy Ford

Marolyn Reynolds
HIGHLIGHTS OF THE SENIOR TRIP

Well, well, come again. The halls of Hamlin High School are noisy, full of laughter, and yes, of course mischievous, for the seniors are back from a successful trip.

We left Hamlin on school buses at 12:50, May 11, boarded chartered buses in Anson, and were delayed two and a half hours in Dallas because the air-conditioning on one bus did not work. Even after waiting that long it was still not repaired, but the decision was made to continue to Baton Rouge. Here the students

ate breakfast and then toured the capitol of Louisiana. Arriving in New Orleans at 1:00 p. m., we discovered that we could not check into the hotel until 3:00; therefore, the seniors went to the city park where we paddled in canoes, rode paddle boats, and oared. Then we went to the Sheraton-Charles Hotel, unpacked, and went to Jackson Square where we toured St. Louis Cathedral built in 1794.

Learning that we would not be able to go to Lake Ponchartrain, Mr. Newberry tried to get reservations at Al Hirt or Peter Fountain. Since we could not do so, we decided to just eat at the Court of the Two Sisters which has the largest

outdoor eating patio in the world.

Thursday, we toured New Orleans seeing Tulane University, the Old Slave Market, the Millionaire Village where twenty-eight millionaires live, the place where the Battle of New Orleans was fought, the cemeteries with the graves above the ground, and the restaurant rated seventh in the world. And to climax the day, everyone went to the Blue Room at the Roosevelt Hotel where we were entertained by Frankie Laine.

Getting up at 5 a. m., the seniors boarded the bus for Houston where we toured the Space Center, checked into the Shamrock-Hilton, and then went to the Amusement Park. Saturday morning we toured the Astrodome which cost 31.6 million dollars. It has the largest scoreboard in the world, the longest bar in the world, has 1,800 employees, is 208 feet above the playing ground, and is kept 72 degrees at all times.

Journeying on to Austin we ate lunch in a private club room at the Villa Capri with State Representative Roy Arledge as a guest. Also, eating lunch with the seniors were Barry Moore, Cliff Drummond, and Mark Smith, students at the University of Texas. After

JAN ALBRITTON
... new N. H. S. president

lunch, a tour of the capitol was taken; then, home we came arriving in Hamlin at 8:15. Roars of cheers went up, and everyone shouted to see good ole Hamlin again.

Approximately fifteen students and sponsors who had worked on the 1965 Piper Annual went to Stamford Monday night to eat at the Cliff House.

Fully-grown bottlenose porpoises sometimes weigh more than 500 pounds.

Jan Albritton Elected National Honor Society Head

Jan Albritton was elected president of the National Honor Society for next year, when the group met for a supper at the home of sponsor, Mrs. Charles Scott.

Other officers are Sheila Stone, vice president; Glenda Hudspeth, secretary-treasurer; Jim Kincaid, reporter; and Judy Jenkins, historian.

Tryouts for Band Majorettes Set Saturday Morning

Tryouts for band majorettes and drum major will be held

Saturday at 10 a. m.

by Mrs. Elmer Joiner
If any one missed the Fairview News last week, I will just have to admit that I goofed, not a little one but a great big goof. Got it written and soon after noon took off to town, in the rain, to take it in. Made the mistake of going some where else first, even started to the Herald office, got side tracked on the way, so Wednesday night about seven o'clock, I looked in my purse and there was my news, just like I had carried it to town, so it was too late then. If this seems impossible that it could have happen to anyone, just wait, you might get that forgetful too, as you grow older, especially if it is raining after a long drought.

And rain it has done, for over a week. Beginning last Sunday, May 9 until the present it has rained a little over 8 1-2 inches, by our rain gauge. Some have received a little less, some a little more, but it has been a fact that it has rained. So far we have not received any hail or high wind in this area. Wheat is about ready for harvest, so all of the bad clouds coming up has really been a strain on the nerves, and the weather man is promising more rain today. Here is hoping that he goofs himself this time.

Rev. Leverett spent all of the time he could at Luaders with the pastors of the area, the first of last week, when

they met at the encampment grounds. Owing to his teaching duties he could not attend all of the sessions.

Mrs. R. O. Clements, of Pampa, spent Saturday night with her sister, Mrs. Flavil Holmes.

Mr. Tom Ingram, of Petersburg, nephew of Mr. E. A. Henry, spent last Sunday night with the Henry's.

Mr. and Mrs. Winson Gray went to Amarillo Friday and returned Monday, where they visited with their daughters, Mr. and Mrs. Marvin Johnson and boys, and Dorothy Gray.

Mr. and Mrs. Don Wittle and boys, of Snyder, were Sunday guests of Mr. and Mrs. Jack Wright and children.

Rev. and Mrs. Kenneth Leverett and girls, went to Abilene, Saturday, to help her brother, Larry Tanner, celebrate his birthday.

Mr. and Mrs. Henry went to Rule Sunday afternoon, and visited with Mary Sue Henry getting home in time for church.

In spite of the very inclement weather family night was held, as planned, Wednesday night, with 22 present. Some thought it too bad for even ducks to be out and didn't come, but in spite of the heavy rain that day and still falling, we had enough to have a nice time. Mr. and Mrs. Jack Wright, who are moving to Abilene around June first, were presented a gift certifi-

icate as a going away love token.

Had heard that the coyotes were getting hungry, owing to the scarcity of rabbits, but it was proven to us last Friday morning when one slipped up in the wheat, and stole a chick-

ken just a few feet from our back door. Makes you feel helpless to look out and see one with one of your hens, and all you can do is watch it run off with her. Even the little dog got real brave after the damage had been done, makes us think back to our childhood days when a coyote's howl sent us to the safety of our house and our parents.

(delayed)

There is a beautiful sound on the roof, this Monday morning, as time comes to write the news from this area, the sound of rain pouring down. So far, no hail, no wind, just good old rain, which has been needed so long. Some fell Sunday morning but not enough to do any good, but so far this morning it has added enough to it to be a big help, we all hope it just continues to fall until there is no further need for it. It has been such a dry winter and farmers were talking drought again, we all know what that means for we lived through several of them.

Attendance was good at both services Sunday at our church, maybe that is one reason it is raining this morning. Sunday night services are rather slim, at times, but attendance was higher last night than morning service.

Mr. and Mrs. Jimmy Henry, and two teenage daughters, were visitors Sunday morning coming with his parents, Mr. and Mrs. E. A. Henry. They had come from Midland to spend Mother's Day and Mr. and Mrs. Clois Henry and children, from San Angelo, spent Saturday with them.

Little Kimmy and Kristy Leverett were absent Sunday morning, having gone to Neinda to visit with the Stanley Jackson family. After church service the Jackson and Leveretts all went to Abilene, to the home of Mrs. Tanner for a Mother's Day get together. They were all joined by Mrs. Tanner and Mr. Jackson's mother, Rev. and Mrs. J. E. Bagley, also of Abilene.

Mr. and Mrs. Elmer Joiner, accompanied by his sister Mrs. Henry Kee went to Beeville, Texas, last Monday, to visit Mr. and Mrs. Delbert Martindale and three sons. "Granny" stayed for a visit with them but the Joiner's went to San Antonio, Tuesday night, where they visited with Sonny Joiner, returning home Wednesday. Thinking to go to South Texas and get out of the wind was a mistake, for the wind blew a gale all the time we were in Beeville.

Mr. and Mrs. George Wainwright went to Throckmorton, Sunday, to spend the day with his sister, Mr. and Mrs. John Breckman.

Miss Maude Drake came home from the St. Ann Hospital, in Abilene, last Monday.

Mothers day visitors of Mr. and Mrs. Joe Ford were, Mr. and Mrs. H. L. Ford and children, Mr. and Mrs. Joe E. Ford and children, and Mr. and Mrs. Bill Ford and daughters, of Abilene.

Mrs. Fred Rosenbaum visited with Mrs. Henry Thursday afternoon.

Mrs. Henry made a short visit with both Mrs. Woodrow Goodwin and Mrs. Winson Gray, Tuesday morning, while in Hamlin.

Those receiving the Mother's Day flowers, Sunday, were: For the oldest mother present, Mrs. E. A. Henry;

a treatment. Mrs. Hampton THE HAMLIN HERALD

seems to be doing good again, after having surgery some weeks ago, this making her third week to go to the center again, since recovering from the operation for a blood clot.

Mr. and Mrs. Flavil Holmes ate lunch, Sunday, with their daughter, Mr. and Mrs. Jack Wright and children.

Mr. and Mrs. Mel Jones were Friday afternoon visitors of Mrs. N. W. Jones, of Stamford. Mrs. Jones is not well, but is still able to live alone.

Tuesday night visitors of the Fred Rosenbaum were Mr. and Mrs. O. D. Roland, of Hamlin.

Sunday afternoon visitors of the Elmer Joiners, Mr. and Mrs. J. E. McCoy.

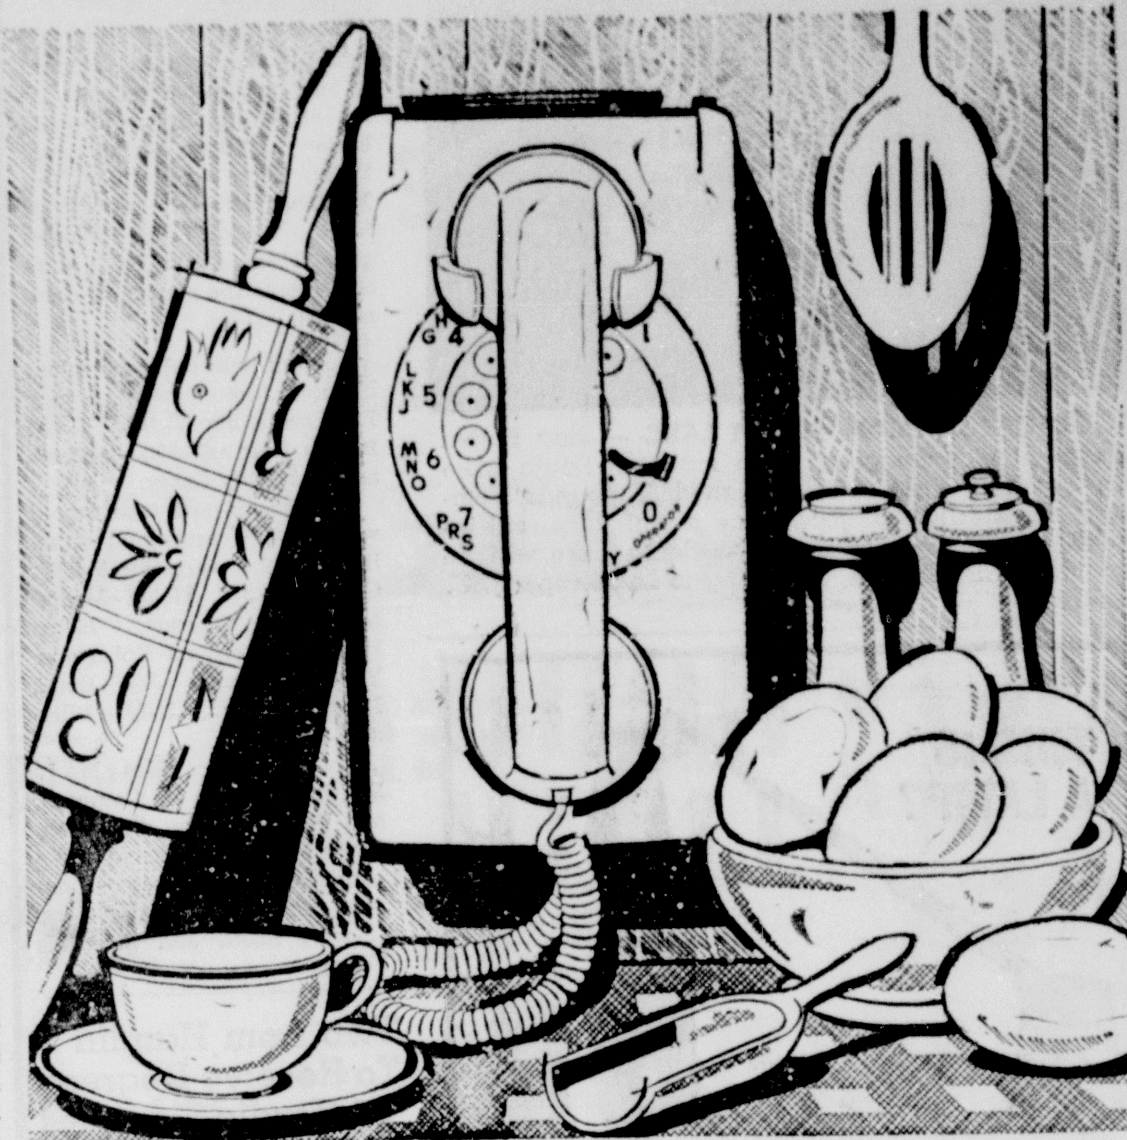

Kay McCoy spent the weekend home, from Texas Tech. Friday night she was a bridesmaid in the wedding of the former Marlene Baize, of Cross Plains. The Baize family were former residents of Tuxedo community, having moved to Cross Plains some time ago. Miss Baize was married to Jimmy L. Gattis, of that city.

Family night will be held this coming Wednesday night, in our church and since the paper isn't out until after then

it can be told that it will honor Mr. and Mrs. Jack Wright and children, who will be moving to Abilene before long.

A trip to the rain gauge tells us that over two inches of rain have fallen so far this morning. The clouds are still with us, so there will probably be more, but so far it has been a wonderful rain, with no hail.

Don Timberlake Speaks at Junior Senior Banquet

Don Timberlake of Abilene brought the address at the Junior - Senior banquet held May 7 in the primary cafeteria. His topic was "How to Find Happiness."

"The Gay Nineties" was the theme carried out in the program and the decorations. An awning over the door bore the words Joe's Place, and a tandem bicycle stood by the door. Tables were decorated with styrofoam figures and hurricane lamps.

Jan Albritton played old songs as the audience entered. A barbershop quartet consisting of Scotty Brown, Donald Embrey, Larry Braley and Danny Cary sang, "You Tell Me Your Dream" and "Wait for the Wagon". Jim Hawkins gave "Casey at the Bat". Mike Smith was the master of ceremonies.

Seniors selected for honors by the Juniors were Nancy Ford as Jeanie With the Light Brown Hair and Mike Shivers as the Mighty Casey.

Sophomore girls who served wore striped vests and straw hats. Serving were Sue Roddy, Geneva Ward, Helen Moore, Margaret Johnson, Helen Hastings, Revonna Robertson, Vicki Newland, Jey Bond, Lynn Brannon, Judy Liles, and Jane Hill.

Room mothers, Mrs. M. L. Smith, Mrs. R. D. Compton, and Mrs. Thomas Ferguson, planned the decorations for the banquet. Assisting were sponsors, Mrs. L. R. Fowler, Mrs. Charles Scott, and Mr. Gus Young.

Two from Hamlin To Receive Degrees At Hardin-Simmons

IT'S BEEN A LONG YEAR

Just a little longer... and homework, and exams will be over and then VACATION TIME. It is so good to have something to look forward to... swimming, fishing, ball, all of those wonderful activities.

Yes, it is good to have something to look forward to. I look forward each week to an opportunity to worship with others in the House of the Lord. I look forward to the hymns of praise, to the time of Bible study, and to the message brought by God's servant. Why don't you join me this week at church and participate in these joyful moments.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

PATTERNS FOR PROGRESS IN COMMUNITY DEVELOPMENT

The new look of Ballinger... shining example of community development

One of the most important factors in community development comes when private businesses engage in building improvement and modernization. The new look of Ballinger is a shining example. Recently, a total of 20 stores, offices, plants and other firms have modernized with new fronts, new interiors, new lighting, and in some cases, complete new buildings. It gives Ballinger, literally, a new look... pleasant and inviting... a true PATTERN FOR PROGRESS in community development. Pictured at the left is the recently remodeled interior of The Ledger, Ballinger's thriving newspaper. Such development improves chances for continued economic growth and attraction of new industry, plus making it a better place to live, work and play. Growth conscious towns are invited to contact their local WTU manager for assistance from our area development representatives.

OLD GLORY ...

By Judy White
Mr. and Mrs. Kuno Mische have moved back to Old Glory after living in Garland for several years. They have purchased the Loy Garner house for their new home and every one in the community is glad to have them back here.

Visitors in the home of Mr. and Mrs. Lynn Flowers recently were her sister, Mrs. E. L. Hinson, of Waco, her aunt and uncle, Mr. and Mrs. R. H. Pardue, of Abilene, also Mr. and Mrs. Floyd P. Davis of Abilene, former residents of Old Glory.

A benefit 84 party for the 1965 Cancer Crusade was held in the Old Glory school cafeteria Tuesday night, May 4. Allen Davis is local chairman. Mrs. Davis and her daughter, Mrs. Roy Dean Smith, served refreshments. Roy Weinke of Lubbock spent several days here last week visiting his mother, Mrs. W. G. Weinke, also his sister and family, the Garrett Spitzers.

Mr. and Mrs. Louis Spitzer were in Fort Worth last week-end visiting their daughter, Mrs. Norma Jean Lehrman and boys.

Twelve members and one guest, Donnie Sawyers, met in the home of Mrs. Katie Gerloff for their Variety Club meeting. Mother's Day gifts were exchanged. The next meeting will be in the home of Mrs. Charlie Letz on May 25.

Old Glory students, teachers and a number of parents spent last Friday in Abilene for the annual school picnic day. The students enjoyed such activities as swimming, skating and bowling.

Mrs. Emma Gerloff was honored on her 90th birthday last Wednesday in the home of her daughters-in-law, Mrs. Katie Gerloff. Among those who attended were: Mr. and Mrs. John Franke of Abilene, Mrs. Charlie Letz, Mrs. Adele Dudensing and Mrs. Tillie Dippel.

Mrs. Bernice D. White and Judy and Stephanie Letz were in Abilene last Saturday. They also visited with Mr. and Mrs. V. R. Leverett, Sharon and Jimmy at Potosi.

Mrs. Leverett's mother,

Mrs. Joe Garland of Abilene, recently suffered serious injuries from falling. She broke both her arms and one foot. Mrs. Garland was hospitalized for a week but has now returned to her home where she is reported to be recovering satisfactorily.

Shows that fell over the Old Glory area last week totaled about four and one-half inches.

Old Glory Seniors are planning to leave on their senior trip on Saturday, May 22. Places of interest they will visit include Six Flags, Hot Springs, Ark.; Fort Knox, Mammoth Cave, the Grand Ole Opry in Nashville, Tenn.; from there the trip will be flexible until they reach New Orleans via Mississippi, on June 1. The plan to return to Old Glory on June 3. The group will be accompanied by Mr. and Mrs. William Wright.

Mrs. Lily Reber Hills, 56, died at 1 p. m. Wednesday, May 12, in the Haskell County Hospital where she had been a patient for 17 days.

Funeral services were held in the First Baptist Church of Rule, burial was in the Haskell Cemetery under direction of the Pinkard Funeral Home.

Born Feb. 28, 1909 in Old Glory, she was a lifelong resident of this area. She had lived in Rule the last 35 years.

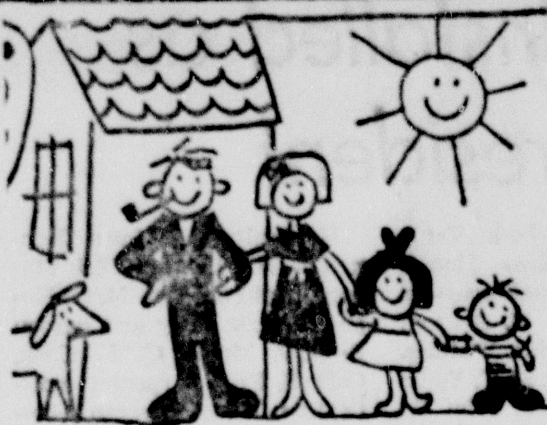

She and her husband operated a hardware store there for a number of years. He preceded her in death several years ago.

Surviving are three brothers, Ewald Reber and Albert Reber of Wharton and Carl Reber of Fort Worth; a sister, Mrs. Ella Green of Olton; her father, William Reber, of Rule.

Mr. and Mrs. A. R. Sawyers of Old Glory are announcing the approaching marriage of their daughter, Donnie, to Tim Jennings, son of Mr. and Mrs. T. W. Jennings.

The couple will be married Saturday, May 22 at 5 at the Aspermont Church of Christ with Gene Linder officiating. Friends are cordially invited to attend.

The first wagon road through the Alps was begun in 1338 and led through the Sepimer pass.

Mrs. Patterson Installed as Garden Club President

Mrs. Harold Bonner was hostess for the Hamlin Garden Club installation tea Friday afternoon.

Officers installed by Mrs. B. B. Colwell were Mrs. LaFoy Patterson, president; Mrs. Richard Young, first vice president; Mrs. Tarlton Willingham, second vice president; Mrs. Joe League, recording secretary; Miss Lennie Greenway, corresponding secretary; Mrs. J. P. Morgan, librarian; Mrs. B. H. Gardner, historian; and Mrs. Colwell, parliamentarian.

Mrs. Colwell presented each new officer with a fresh flower as a token of their office.

During the business session which preceded the installation Mrs. Joe Hudspeth, Mrs. Luther Haught Jr. and Mrs. Louie Peace were elected to membership.

The club voted to hold a Placement Flower Show next spring.

Mrs. M. T. York gave the highlights of this year's flower show and expressed her gratitude for fine cooperation in staging.

Clerks reports were given by Mrs. R. D. Moore, Mrs. Glenn Simons and Mrs. Patterson.

Mrs. Patterson also gave a monologue, "Marital Showdown," a humorous presentation of a household when the woman of the house is getting ready for the flower show.

Mrs. Patterson announced the following committees:

Program and yearbook: Mmes. Willingham, Young, and Arlie Cassie. Flower show

Horticulture: Mmes. Bonner, L. B. Williams, Dick Maberry; pilgrimage, Mrs. Moore; Arbor Day and garden therapy, Mmes. C. F. Cook, Colwell, Fred Carpenter; notification, Mmes. Morgan, Haught; Junior Garden Club, Mrs. Peace.

Nosey Neighbor...

by Barbara Craig

"That's the blindest expression I ever saw," was one comment after last week's Herald came out minus the picture of Mrs. Ned Moore, this year's Woman of the Year.

We had the page all set up, ready for the engraving, and the engraving did not arrive. We got it Thursday morning and are using it this week.

With help of the B & PW Club, we knew in advance that Mrs. Moore had been selected. They tried to get a picture from Mr. Moore, but there was none. We then made up a story about needing a picture for future use in connection with the BCD, hoping that she would not be suspicious, and took a picture to use with the story. After all this, we were unable to fulfill our intentions.

It seems that Ruby was really surprised at last Tuesday's dinner meeting. We congratulated her on receiving this honor.

Again, we are having to be choosy about our friends. Our visitors have to be those who have, those who have had, or those who want to have - the mumps. Darrell, our eleven year old, who was envious of his younger brother getting to stay in bed and watch television is finding out is not as much fun as it looked.

It was very good feeling to get back to work Monday morning. The only thing about having the three-day measles is that I am so slow by nature, and it took me four days to get back to par.

I have really received a lot of good-natured ribbing about having a child's disease. But for other adults who may think, as I did, that our age makes us immune, I would like to pass along this information from World Book -

"German Measles is a highly contagious, but usually mild, disease. It is sometimes called Rubella and Three-day Measles. It occurs most often in the spring among both children and adults."

Have you noticed how pretty and green the lawns are now. I have noticed those on the route that I take when driving the children to school and particularly attractive is the yard of Mr. Tom Pritchard, just south of the elementary school. The pansies which line the walk are especially beautiful.

According to the senior calendar, the following couples will be having anniversaries this week: Messrs. and Mmes. Everett Gibson, May 20; Charles Scott, G. C. Bogle, May 23; L. J. Cunningham, May 24; Mr. and Mrs. David Wade, May 26. Happy anniversary to all of you.

CONGRATULATIONS to all graduates and along with our best wishes we would like to include these thoughts:

THE SUCCESS FAMILY

The father of Success is named Work. The mother of Success is named Ambition. The oldest son is Common Sense, and some of the boys are called Stability, Perseverance, Honesty, Thoroughness, Foresight, Enthusiasm, and Cooperation. The oldest daughter is Character. Some of the sisters are Cheerfulness, Loyalty, Care, Courtesy, Economy, Sincerity, and Harmony. The baby is Opportunity.

Get acquainted with the "old man," and you will be able to get along with all the rest of the family.

Mrs. Mattie Motes Dies in Orange; Rites Held Here

Mrs. Mattie Motes, 71, died at 5 p. m. Thursday in the Orange Hospital in Orange, Calif.

Funeral was held at 2 p. m. Tuesday in the Hamlin Church of Christ with J. P. Bates, professor, at Lubbock Christian College officiating. Burial was in Hamlin Memorial Cemetery.

Mrs. Motes was born March 11, 1894, at Whitney, the daughter of the late Mr. and Mrs. Jessie B. Hayes. She married William E. Motes at Stamford, Feb. 11, 1928. He died in 1955.

A resident of Corona, Calif., since 1947, she was a member of the Church of Christ.

Survivors are one son, Horace of Dallas; three daughters, Mrs. Doris Callaghan of Santa Ana, Calif., Mrs. Nina Mae Rambo of Dallas, and Mrs. Edna Sharpe of Mathis; three sisters, Mrs. Grover Smith, Mrs. W. L. Hunter Sr. and Mrs. Joe Bonds Sr., all of Hamlin; seven grandchildren; and two great-grandchildren.

Palbearers were L. C. Bonds, Robert Moore, W. L. Hunter Jr., Paul Rambo, Joe Bonds Jr., and Jimmy Beasley.

Neinda Philosopher Comes Out With New Language For U. S. Budget So We Can Get Some Sleep

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 gets involved with the figures this week.

Dear editor:
I understand some college specializing in agriculture around the country are now offering a new service to farmers.

They've installed big computer machines and if a farmer will send in his records the machine will digest the information and in 30 seconds or so tell him what he's doing wrong. This may be fine for bachelor farmers, but farmers with wives don't need a machine to tell them what they're doing wrong.

However what I started out to say this week before I got sidetracked — as you can see I operate on the same level as the statesmen do on foreign policy, you don't plan what you're going to do, you wait till something busts loose and then react the best you can — is that I have developed a plan for simplifying figures covering such things as the national budget, the nation debt, etc. As everyone knows, the figures have become unmanageable and frightening. For example, when the President says the budget this year will be right at \$100,000,000,000, or spelled out, one hundred billion dollars, the amount is ungraspable. You can't get hold of it. It's too wide to go through your brain broadside, and if you let it in lengthwise part of it's out before the other's in.

What Washington ought to do is come on in to the last half of the 20th century, the space age, the debt age. Washington ought to throw out the term billion and take up the trillion. As I understand it, a trillion dollars is \$1,000,000,000,000 (don't stop yet, 3 more to go), 000, or a 1 with 12 zeroes after it. Put in these terms, the national budget this year is not quite one-tenth of a trillion.

Say it over. A tenth of a trillion? Why, that sounds paltry. Like a tenth of a dollar. Like half a loaf.

In the years ahead, as we extend our rockets in space and our soldiers on earth, whoever is President can go before Congress and say our budget this year will come to only two-tenths of a trillion dollars, and we can all get some sleep.

Yours faithfully,
J. A.

Want! Something Different! Try State's New Prestige License Tags

Would you like to feel important; associate your automobile with your business, your ranch or your hobby? Or maybe you would like to boost your favorite political party or charity.

Whatever your desires, for the payment of \$10 you can now get your automobile license plates with this inscription — provided, of course, that your desires can be satisfied with no more than six characters.

Governor John Connally has signed into law a bill which makes available what generally have been referred to as "prestige" license plates. The \$10 charge for these tags will go into the tourists development fund.

Over the state, a number of these plates have already been applied for but in Jones County, employees of Tax Collector A. J. French's office say that there has been but one inquiry and that over the telephone.

Possibilities are limitless — just as long as you do not exceed the six characters. As for example:

You can use one to six letters such as Pipers or Tigers. (Stamford fans can't say Bulldogs — too many letters) You can use five letters and 1 number; four letters and two numbers and so on, until the six characters are used.

Or, you can use five numbers and one letter, four let-

ters and two numbers and so on. Or you can use any combination of letters and numbers, provided such personalized number does not conflict with the numbering system adopted by the Texas Highway Department.

Applicants are required to submit three choices. The state will not issue two sets of plates that are alike. Personalized license plates may be had for passenger car, truck, truck-tractor, house trailer, bus, city bus, dealer or for a trailer which has a gross weight of 10,000 pounds or less.

The usual or standard plates must be purchased first and then surrendered in exchange for the special plates.

Possibilities are almost limitless just so long as you bear in mind the fact that a total of no more than six characters can be used. Naturally, no obscene or objectionable words or initials will be issued.

A coot is an aquatic bird found principally in South America.

In 1834 water was first piped into the White House from a spring.

Saxons were the leading miners in Europe during the 16th century.

Many old German mining terms originating in Saxony have been adopted in other languages.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. — Uppermost question in the minds of taxpayers and legislators is — will there be a new tax bill?

Answer rests with the lawmakers. And their decisions depends on whether or not a teacher pay raise bill is passed.

About \$73,500,000 in new state revenue would be needed to cover the cost of Texas State Teachers Association's \$45-in-'65 program.

Alternate proposal offered by Gov. John Connally to reward experienced teachers at an accelerated rate would cost the state an estimated \$64,700,000.

Both plans are based on cost estimates for the next two years and would, of course, call for additional local money.

Hundreds of teachers jammed into the legislative chambers for hearings on the teacher-pay-raise bills, putting all the pressure possible on the legislators.

TSTA stresses that many local districts cannot afford to pay a higher share of the salaries called for in the governor's plan and that this is a state responsibility anyway.

Governor Connally says "Texas will continue to lag far behind the national average in school teachers salaries until local support shows the same increase expected of the state government." He contends TSTA is not telling the whole story. "They never admit that state support of our public schools is \$56 a pupil above the national average, while local support is \$93 below the national average."

While compromise efforts floundered, sub-committee of the House Revenue and Taxation Committee methodically and quietly reviewed some ideas for producing more income.

Considered was an additional tax of three cents a pack on cigarettes. This would raise about \$89,600,000. Other suggestions reviewed by the five-member group include:

A two per cent sales tax on beer and liquor, \$22,000,000; Restoral of the 50 cents per \$1,000 corporation franchise surtax, \$24,000,000;

A one-shot inheritance tax payment date adjustment, \$6,000,000.

Senators want the House to pass a tax bill before any agreement is reached on a teacher pay raise.

A House tax committee member, active in the sub-panel deliberations, says pay raises should be determined before tax drafters decide how big a bill to write.

With the legislative session rapidly drawing to a close, and many differences still unresolved, a teacher pay raise is by no means a certainty. A breakdown in negotiations could mean no tax bill at all during the regular session.

RECORD BUDGET — Both houses passed the \$3,700,000,000 conference committee appropriations bill, which calls for expenditures of \$154,000,000 over the current level.

Education got the biggest share of increases in the biennial budget. These increases include \$80,500,000 for the 22 state colleges and universities; \$10,400,000 for public junior colleges; \$89,700,000 for public schools; and \$11,600,000 for vocational and technical education.

Salaries of state employees, in the classified service, will be increased 3.4 per cent each year and welfare spending will go up \$16,000,000. Judges from the district court to the supreme Court levels will get substantial raises in their annual salaries.

Soil Conservation Board was given an \$89,155 increase for its operations, including \$28,000 more for watershed planning. A additional \$3,800,000 was set aside for the Water Development Board which is being reorganized. Department of Agriculture will get a \$1,400,000 increase. Animal Health Commission gets \$1,800,000 less than the current spending level since the federal government is taking over responsibility for screwworm control.

COUNTY STUDY PROPOSED — Rep. Alonzo Jamison of

Denton has introduced legislation which would authorize a thorough study of county government, with a special eye to eliminating county offices which may have outlived their usefulness.

Jamison told the House State Affairs Committee, which took his bill under study, that he thinks offices such as county treasurer, justice of the peace and constable should be studied as to their necessity and effectiveness. Study also would seek ways of freeing county officials from what Jamison believes are overly restrictive statutes.

NO MORE ROAD GANGS — Rep. Vernon Beckham of Denison got easy approval in the House of a bill to repeal a series of 1876 laws, including one which still requires all men 21 to 45 to spend five days a year on a roadgang.

Laws are not enforced, but still are on the books, and Beckham thought it a good idea to eliminate them.

REDISTRICTING WOES — As if legislators did not have enough problems with teacher pay raises, the even thornier problem of redistricting is up on them.

Senate is in-fighting over proposed plans for Senate redistricting, which necessarily will remove some of the present members.

On the other hand, the Senators are not likely to agree with the House version of congressional redistricting.

Governor Connally, meanwhile, hinted he may not call a special session if there is no agreement on redistricting, leaving the matter up to the federal courts.

AG OPINIONS — Atty. Gen. Waggoner Carr holds that:

A county depository-bank cannot be selected which has among its directors or stockholders the county judge, county attorney, county clerk or county treasurer.

Law officers may use force in handling mentally ill persons to protect themselves, the persons and public;

Attorney Bayou Watershed Authority has legal authority to develop a multi-purpose reservoir, including recreational use, and may use tax funds to finance and maintain it;

Highway Commission can sell surplus land and improvements directly to the City of Lamesa for established value without advertising and taking sealed bids;

U-Haul trailers are taxable in individual counties which are their business sites;

Hillsboro Junior College District can levy 30 cents tax for maintenance and 50 cents tax for servicing bonds.

SINGLE HOUSE PROPOSED — House Constitutional Amendment Committee approved for floor debate a proposed amendment to create a 100-member unicameral (one house) legislature for Texas.

Proponents said measure strikes at inherent evils of the conference committee where so much major legislation is written behind closed doors and hastily voted on in closing hours of a session.

AMENDMENTS PROPOSED A house-passed resolution to repeal the poll tax, as a requirement for voting, received approval of the Senate Constitutional Amendments Committee. An election is proposed in November of 1966.

Another amendment resolution cleared for Senate debate is HJR 38 to remove from constitution restrictions on soldier voting in state.

DESALINIZATION PROPOSED — The U. S. Corps of Engineers recommends that the federal government spend \$46,000,000 to eliminate natural sources of salt pollution on the headwaters of the Wichita River. Uncle Sam would pay the full cost and the \$216,300 a year needed to operate and maintain it.

Proposed are three low-flow dams, one on each fork of the Wichita, to capture water with high concentration of chloride. Water would be pumped to brine reservoirs for evaporation. Project would reduce chloride concentration in Lake Kemp near Wichita Falls to a safe level and would help alleviate salt pollution at Lake Texoma on the Red River.
